School. \$275. Performance 1pm June 30

MONKEY KING ROCKS

Based on an ancient Chinese myth, MONKEY KING ROCKS is the magical adventure story of a monkey born from a stone who acquires supernatural powers and immortality while keeping his mischievous personality.

Through his wild adventures, and his friends like Piggy (half Pig, half human, all heart!) and Sandy (a man-eating sand demon, but don't worry, he's cool to his friends!) the trickster monkey flies through the clouds, fights monsters, and tricks dragon kings - all the while finding new friends and ruling his Monkey Kingdom with kindness, good humor - and ice cream!

MONKEY KING ROCKS is a wild and breathless adventure of friendship and magic. Join us this summer to be part of the rocking monkey fun!

Peter Royston combines his love of theater and working with kids to bring a new action adventure to camp every summer. With an MFA in Theatre Education, Peter is a former Off-Broadway director and the author of over fifty teacher resource guides for Broadway, Off-Broadway and regional productions.

Clay Camp

Two sections. Grades 4-8
Monday-Friday
Week 1: July 10-14 Week 2: July 17-21
Sleepy Hollow High School art rooms.
9:15am-2:30pm. \$350/week

Campers will be grouped by age.
Enjoy the magic of modeling with clay!

Campers will create many different projects each week. Everyone will have a chance on the potter's wheel. Campers will make pinch pots, and use the extruder and slab roller to create bowls, mugs, boxes or other containers. They will make projects using pinch, coil, and slab methods, and molds, and then learn how to add pattern, texture and glaze.

Projects will be varied and wonderful.

Instructors:

Gary Benton

Sleepy Hollow's own beloved art and ceramic teacher returns to share his love of clay with campers.

Gabby Sia is a ceramic artist who teaches at the Brunswick School. She has also taught art and ceramics in the Ossining School district, at the Clay Art Center, the Rye Arts Center and Hackley School. She has led many mural projects and residencies.

Architecture for Kids

Grades 4-7. Monday-Friday July 24-28.
9:15am-2:30pm. Sleepy Hollow HS. \$285

Do you like to build stuff? Explore your surroundings? If so, join us for a fun week of hands-on, minds-on projects that are grounded in architecture and design.

We'll team-up on group activities and create out-of-the-box individual projects.

Some projects enable kids to think and build BIG. We will use all kinds of materials. We might build animal habitats, or a space colony or a fantasy waterfront development or dream houses or tree houses or bridges or space ships.... You get the idea!

The camp is designed to sharpen critical thinking skills, naturally incorporate problem-solving abilities and spark creativity.

The camp will be led by **ArchForKids**, founded by three smart women who persist with boundless energy and enthusiasm.

ArchForKids provides youth with engaging learning experiences grounded in architecture, engineering, urban planning and design. ArchForKids partners with community centers, schools, libraries and museums. They do birthday parties, too! www.archforkids.com
